Estimated Income Tax

The threshold for requiring estimated tax payments will be \$200.00 starting in tax year 2016. This is determined by amount of tax due after withholding for the municipality and credit for taxes paid to another municipality if applicable.

Due dates: The due dates are earlier than in previous years.

First Quarter: remains due on the April filing deadline, generally April 15th. For 2016, the filing deadline for the tax year 2015 return is April 18, 2016 due to the Emancipation Day Holiday being celebrated in Washington on Friday April 15, 2016.

Second Quarter: will be due by June 15th

Third Quarter: will be due by September 15th

Fourth Quarter: will be due by December 15th

Penalties:

The penalty for late payment of a quarterly estimated tax payment is 15.0% of the amount past due amount plus an interest charge of 0.42% per month of the unpaid balance. A \$25.00 per month late filing charge cannot be charged. A declaration must be filed along with the annual return if the \$200.00 threshold is met or a declaration that the current situation has changed such that estimated taxes are not required.

Extensions

A request for an extension of a 2015 tax return must be submitted to the municipal tax office on or before the filing deadline. The extension does not extend the date the tax payment is due for the return or for estimated taxes. A late payment penalty plus interest can be charged.
